01 PROFILE

I am an experienced web developer with a passion for creating innovative solutions. My biggest achievements include creating websites from scratch and successfully launching them in the market. My best qualities include problem-solving, attention to detail, and the ability to quickly adapt to new technologies. I have the necessary skills to work with different programming languages, frameworks, and databases. I'm also experienced in optimizing websites for better performance and SEO. My successes have been recognized by many employers and clients.

02 SKILLS

MongoDB

Git

HTML & CSS

Bootstrap

TailwindCSS

JavaScript

React

Node.js

Express.js

Python

03 EMPLOYMENT HISTORY

Jan 2022 — Mar 2022

Cape Town

Website Developer at Zero1 Creations

- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout. Fixed existing bugs and optimized the existing code. Added new pages and redesigned their logos to match their theme colors.

Aug 2022 — Sep 2022

Cape Town

Website Developer at Vela Trust

Converted their design into a fully functional and responsive design with highly optimized image loading speeds. I was given a photoshop design and my role was to convert it to an HTML, CSS, Bootstrap, and JavaScript website.

Jan 2020 — Present

Online

Freelance Website Developer at Fiverr

I do PSD to Website conversions as my main freelance service.

- Worked with a proficient understanding of code conversion tools.
